

Shevington Vale and Millbrook

Federation of Schools

17th April 2018

Dear Parent / Carer,

Raising E-safety awareness: The importance of knowing the dangers on the internet

On Tuesday 24th April from 6.00pm-7.00pm you are warmly invited to an e-safety awareness workshop to be held at Shevington Vale Primary School. The Shevington Federation of schools recognises the difficult challenges young people can face, we aim to provide them and yourselves with as much key information as possible to empower them to become safe users of the internet and mobile devices.

The main purpose of the workshop will be to learn about specific online concerns and dangers, which your son/daughter may face or be exposed to, and to find out how you can minimise the risks. The evening is for parents and carers only but we will offer child supervision to assist with child care issues. We hope at the end of the evening you will feel you have a greater understanding and knowledge of the dangers your son/daughter may face and know where to go for help and advice if you have concerns.

As part of the evening we will provide information that you can take with you to support you in keeping children safe online. Also as part of our commitment to reduce the amount of paper we use in school if you don't mind receiving the information by email please provide your address on the slip below and return to school.

Thank you for your continued support

Mr Houghton
Assistant Headteacher

Raising E-safety Awareness – Tuesday 24th April 6.00-7.00pm

I (name)(s)..... will be attending the E-safety evening on Tuesday 24th April.

My email address is
