

New EYFS Playground Developments

We've made some exciting new developments to our outdoor learning environment

To inspire imaginative play and den-making, we installed a set of wonderful Den Making Posts. This excellent resource will encourage critical thinking as children plan and construct dens to create a cosy area or anything their imaginations can think of.

For mark making, we have installed a Giant Chalkboard. This excellent blank canvas will inspire the children to express themselves through art and writing.

We can now take roleplay outdoors with our Small Play House. Children can transform this open-ended resource into anything from a bakery to a travel agent.

Finally, we have had a lovely range of surfacing installed to create an all-weather playground which protects children from falls and helps ignites their imaginations.

We worked with Pentagon Play on this project and we highly recommend them to any school looking to develop their outdoor area.
