## Executive Headteacher's Federation Newsletter No. 1

Dear Parents/Carers

I am keen to ensure that communication links are strong across our Federation and I will endeavour to keep all our families informed of any changes that I make involving our schools.

### School Leadership

Due to the recent change of leadership across our school communities, I feel it is time to update your knowledge regarding our senior school leaders who will now be supporting me during the next phase of our schools development. Although named staff are based at one school, all senior staff work as a single leadership team at all three school sharing expertise.

Millbrook Primary School

Shevington Community Primary School

Shevington Vale Primary School

Mrs C Stevens – Associate Headteacher

Mrs G Smith – Assistant Headteacher

Miss G Mason – Assistant Head of EYFS and KS1

Mr A Houghton – Assistant Head of KS2

We also welcome Mrs J Farrow to our team for two days a week.

All named staff have been appointed by our Governors to leadership positions due to experience and excellence. I would ask that parents/carers should in the first instance make contact with their child's class teacher should the need arise.

### New Inset Date

Our Federation of Schools has been working with an outstanding primary school in the East Riding of Yorkshire – Hook C.E Primary School for the past few years. An unmissable opportunity has arisen for all of our staff to spend a day training within the school in June 2017 in Yorkshire.

I therefore am changing the date of our third INSET day in the Summer Term. The new INSET day is **FRIDAY JUNE 30<sup>th</sup> 2017**.

Please see the new dates below:

I look forward to working with you all in 2017.

Yours sincerely,
