

---

**Dear Parents and Carers of the Shevington Federation**

**eSafety - how can we keep our children safe online?  
What are the risks of computer games and social media?  
How do we all manage the risks?**

It's time for our autumn term Parents' Forum and I am sure that this is a topic that will both interest and concern many parents and carers.

Every day we see reports of the dangers that can befall children when using electronic devices.

And yet we want and need the children to become confident users of IT because of the worlds and opportunities it opens to them.

**Our next Parents' and Carers' Forum about eSafety  
will be held on**

**Wednesday 7 October 2015 starting at 6.00pm at Millbrook Primary  
School.**

**Please come!**

The Forum is an opportunity for you to chat informally to other parents and carers and to staff, to share your ideas and to ask questions. In this way we can find out what **you** think about this important topic and what we can do in school to help.

***Once again the evening will be very informal and there will be nice refreshments.***

This time we have invited a real expert on the topic from Wigan Council - Jake Ashall, who will give us the benefit of his knowledge and experience.

Yours sincerely

Gabrielle Gray

Please note - this event is for parents and carers and is not on this occasion appropriate for children.
